

MANYA NIGAM

nigammanya5@gmail.com | +91-7753820577 | Ghaziabad, UP, India
[linkedin.com/in/manya-nigam](https://www.linkedin.com/in/manya-nigam) | github.com/manya-n2 | [leetcode](https://leetcode.com/manya-n2)

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL

Frontend: HTML5, CSS3, React.js

Backend: Node.js, Spring Boot, FastAPI

Databases: PostgreSQL, MySQL, MongoDB (Basic)

Tools: Git, GitHub, VS Code, IntelliJ IDEA, Postman, Docker, PgAdmin

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, SDLC, Software Testing

Artificial Intelligence: Groq API, ChatGPT, Claude, Gemini, AI-assisted Web Development

INTERNSHIPS

AI for Sustainability Virtual Intern:

May 11, 2026 – Present

IBM SkillBuild, Remote

- Exploring applications of Artificial Intelligence, Generative AI, and Machine Learning through project-based learning and sustainability-focused use cases.
- Collaborating in global virtual teams while gaining exposure to AI-powered workflows, automation concepts, and emerging technologies.

PROJECTS

Threadly (Spring Boot)

[GitHub](#)

- Developed a secure authentication service using Java, Spring Boot, and PostgreSQL.
- Built REST APIs for user registration, login, and role-based access control.
- Implemented Spring Security and JPA for secure, scalable backend operations.

MedBrief AI (React.js and FastAPI)

[Live](#) | [GitHub](#)

- Built an AI-powered full-stack application using React.js and FastAPI to analyze and summarize medical records.
- Designed RESTful APIs and responsive dashboards for risk prediction, prescription summarization, and decision support, improving processing efficiency by 60%.
- Containerized the application using Docker and Docker Compose, enabling scalable deployment and reducing setup time by 70%.

TextTale (FastAPI)

[GitHub](#)

- Developed an AI-assisted storytelling platform that generated dynamic narratives from user prompts.
- Built scalable FastAPI backend services supporting 50+ animated story sequences and content generation workflows.
- Enhanced user engagement through responsive interfaces while reducing content creation effort by 65%.

EXPERIENCE

HR

Oct 2025 – May 2026

Entrepreneurship CELL, ABES Engineering College, Ghaziabad

- Coordinated and communicated in 10+ entrepreneurship events and workshops with 500+ participants

EDUCATION

Bachelor of Technology in Computer Science (AIML)

Oct 2023 – 2027

ABES Engineering College, Ghaziabad, India

CGPA: 8.69/10.0

CERTIFICATIONS & ACHIEVEMENTS

- **AWS Academy Graduate – Introduction to Cloud Semester 1** – Amazon Web Services, 2025
- **Competitive Programming:** Solved 250+ DSA problems on LeetCode
- **Hackathon Participant:** Qualified SIH internals
- **Debate:** Winner in Fortify 4.0, Represented ECELL ABESEC at IIT Bombay
